Language (12marks)

1) Put the words in parenthesis in the correct tense or form (4marks)

Garbage solution

Don't throw your junk in my backyard.

Garbage collection is less frequent than it used to be. Many cities have **restrictions** on how many bags you can put at the **curb** (recycle).....and **compost** programs reduce the need for garbage (collect).....In some cities you can even recycle diapers. The goal is to reduce or eliminate the need for landfills. Did you know the garbage industry is (profit).....?Some cities such as New York sell (they).....garbage to other countries. Garbage pickers make a (live)..... out of sorting through trash. Many people think old dumps should be reopened and mined for treasures such as metal. No body (want)..... to live near a landfill though(environment)..... hope that landfills (become)..... obsolete. One alternative to dumping is to use garbage as fuel. This might have reverse effects. Would you bother to recycle if it wasn't necessary? What if all garbage bags were clear? Perhaps our habits would change if every one could see our trash.

2) Fill in the blanks with words from the box below be careful there are 2 extra words (4marks)

Released/ the ground /around /affects /weather /environment /plastics /industry/polluting /layers/

The different kinds of pollution are connected. What happens to the air (1).....the land. What happened to the land affects the water (2)us. And what happens to the water affects the air.

Man has been (3)the Earth from the time he lit his first fire washed his clothes in the river and threw his trash on (4).....

When land was used up or the river dirty Man moved on to another place. At first the Earth could handle this problem because there was plenty of fresh air land and water. This is no longer true. The rise in population and the spread of (5).....have changed that. New kinds of waste such as (6).....will not rot into the soil. New chemicals will not dissolve in water. Our (7).....is becoming overloaded with waste. Every year about 150000000tons of dirt sprays and gases are (8).....

Into the air over the USA. Polluted air damages paint and metal makes your clothes dirty keeps plants from growing and can also cause lung diseases and death. There are two main causes of air pollution fumes from cars trucks and buses fumes from industrial plants.

3) Circle the correct alternative (4marks)

A

Carlos is a new student .He is (from /to /in) Peru.

This is (her/him /his) third day at his new school

He rides the bus (into /with /by) David. Carlos and David are becoming friends. David is helping Carlos to learn English and Carlos is teaching David (to /at /of) play soccer.

B

First day of high school

The alarm clock rang Jacob groped for it .His Hand (search /searched/searches) for the clock and he finally hit the "off 'button .Then he (slow /slowly /slower) got out of bed and began to dress "Get going !" Aunt Tina called (from /on / in) the kitchen you don't want to be late for your first day of high school.

Aunt Tina had made a big breakfast juice cereal pancakes eggs and toast were on the table .Jacob wasn't very hungry that morning .He only drank some juice .Where are my glasses? he asked .I can't find (they /their /them) any where!

"Stop worrying Aunt Tina said with a smile. "Just look on top of your head"
